

Domain	Autumn	Spring	Summer
Number, place value, and algebra rounding	Count in multiples of 6, 7, 9, 25 and 1000.	Count in multiples of 6, 7, 9, 25 and 1000.	Count in multiples of 6, 7, 9, 25 and 1000.
	Find 1000 more or less than a given number.	Find 1000 more or less than a given number.	
		Count backwards through zero to include negative numbers.	Count backwards through zero to include negative numbers.
	Recognise the place value of each digit in a four-digit number (thousands, hundreds, tens, and ones).	Recognise the place value of each digit in a four-digit number (thousands, hundreds, tens, and ones).	
	Order and compare numbers beyond 1000.	Order and compare numbers beyond 1000.	Order and compare numbers beyond 1000.
	Identify, represent and estimate numbers using different representations.	Identify, represent and estimate numbers using different representations.	Identify, represent and estimate numbers using different representations.
		Round any number to the nearest 10, 100 or 1000.	Round any number to the nearest 10, 100 or 1000.
	Solve number and practical problems that involve all of the above and with increasingly large positive numbers.	Solve number and practical problems that involve all of the above and with increasingly large positive numbers.	Solve number and practical problems that involve all of the above and with increasingly large positive numbers.
		Read Roman numerals to 100 (I to C) and know that over time, the numeral system changed to include the concept of zero and place value.	
Addition and Subtraction		Add numbers with up to 4 digits using the formal written methods of columnar addition where appropriate.	Add numbers with up to 4 digits using the formal written methods of columnar addition where appropriate.
		Subtract numbers with up to 4 digits using the formal written methods of columnar subtraction where appropriate.	Subtract numbers with up to 4 digits using the formal written methods of columnar subtraction where appropriate.
	Estimate to check answers to a calculation.	Estimate to check answers to a calculation.	Estimate to check answers to a calculation.
	Use inverse operations to check answers to a calculation.	Use inverse operations to check answers to a calculation.	Use inverse operations to check answers to a calculation.
	Solve two-step addition and subtraction problems in contexts, deciding which operations and methods to use and why.	Solve two-step addition and subtraction problems in contexts, deciding which operations and methods to use and why.	Solve two-step addition and subtraction problems in contexts, deciding which operations and methods to use and why.
	Solve mental calculations with increasingly large numbers.	Solve mental calculations with increasingly large numbers.	Solve mental calculations with increasingly large numbers.
Multiplication and division	Recall multiplication and division facts for multiplication tables up to 12×12 (focus on $6x$ and $7x$).	Recall multiplication and division facts for multiplication tables up to 12×12 (focus on $8x$, $11x$).	Recall multiplication and division facts for multiplication tables up to 12×12 (focus on $12x$).
	Use place value, known and derived facts to multiply mentally. (Include multiplying by 0 and 1; dividing by 1)	Use place value, known and derived facts to multiply mentally. (Include multiplying by 0 and 1; dividing by 1)	Use place value, known and derived facts to multiply mentally. (Include multiplying by 0 and 1; dividing by 1)
	Use place value, known and derived facts to divide mentally.	Use place value, known and derived facts to divide mentally.	Use place value, known and derived facts to divide mentally.
		Multiplying together three numbers.	Multiplying together three numbers.
		Recognise and use factor pairs and commutativity in mental calculations.	Recognise and use factor pairs and commutativity in mental calculations.
	Multiply two-digit numbers by a one-digit number using formal written layout.	Multiply two-digit numbers by a one-digit number using formal written layout.	Multiply two-digit numbers by a one-digit number using formal written layout.
		Multiply three-digit numbers by a one-digit number using formal written layout.	Multiply three-digit numbers by a one-digit number using formal written layout.
	Solve problems involving multiplying and adding, including using the distributive law to multiply two digit numbers by one digit, integer scaling problems and harder correspondence problems such as n objects are connected to m objects.	Solve problems involving multiplying and adding, including using the distributive law to multiply two digit numbers by one digit, integer scaling problems and harder correspondence problems such as n objects are connected to m objects.	Solve problems involving multiplying and adding, including using the distributive law to multiply two digit numbers by one digit, integer scaling problems and harder correspondence problems such as n objects are connected to m objects.
	Recognise and show, using diagrams, families of common equivalent fractions.	Recognise and show, using diagrams, families of common equivalent fractions.	
Fractions	Consolidation from Year 3. I can count up and down in tenths.	Count up and down in hundredths; recognise that hundredths arise when dividing an object by one hundred and dividing tenths by ten.	Count up and down in hundredths; recognise that hundredths arise when dividing an object by one hundred and dividing tenths by ten.
	<i>Solve problems involving increasingly harder fractions to calculate quantities, and fractions to divide quantities, including non-unit fractions where the answer is a whole number.</i>		<i>Solve problems involving increasingly harder fractions to calculate quantities, and fractions to divide quantities, including non-unit fractions where the answer is a whole number.</i>
			Add and subtract fractions with the same denominator.
			Recognise and write decimal equivalents of any number of tenths or hundredths.
			Recognise and write decimal equivalents to $\frac{1}{4}$, $\frac{1}{2}$, $\frac{3}{4}$.
			Find the effect of dividing a one- or two-digit number by 10 and 100, identifying the value of the digits in the answer as ones, tenths and hundredths.
		Round decimals with one decimal place to the nearest whole number.	Round decimals with one decimal place to the nearest whole number.
	Compare numbers with the same number of decimal places up to two decimal places.	Compare numbers with the same number of decimal places up to two decimal places.	Compare numbers with the same number of decimal places up to two decimal places.
	Solve simple measure and money problems involving fractions and decimals to two decimal places. (Money)		Solve simple measure and money problems involving fractions and decimals to two decimal places. (Measures)

Measurement	Convert between different units of measure [for example, metre to centimetre, kilometre to metre].	Convert between different units of measure [for example, hour to minute, l to ml].	Convert between different units of measure [for example, kg to g; hour to minute].
	Measure and calculate the perimeter of a rectilinear figure (including squares) in centimetres and metres.		
	Find the area of rectilinear shapes by counting squares.		
		Estimate, compare and calculate different measures, including money in pounds and pence.	Estimate, compare and calculate different measures, including money in pounds and pence.
		Read, write and convert time between analogue and digital 12- and 24-hour clocks.	Read, write and convert time between analogue and digital 12- and 24-hour clocks.
		Solve problems involving converting from hours to minutes; minutes to seconds; years to months; weeks to days.	Solve problems involving converting from hours to minutes; minutes to seconds; years to months; weeks to days.
Geometry	Compare and classify geometric shapes, including quadrilaterals and triangles, based on their properties and sizes.	Compare and classify 3d geometric shapes based on their properties and sizes.	
	Identify acute and obtuse angles.		
	Compare and order angles up to two right angles by size.		
	Identify lines of symmetry in 2-D shapes presented in different orientations.		
	Complete a simple symmetric figure with respect to a specific line of symmetry.		
			Describe positions on a 2-D grid as coordinates in the first quadrant.
			Describe movements between positions as translations of a given unit to the left/right and up/down.
			Plot specified points and draw sides to complete a given polygon.
Statistics	Interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and time graphs.	Interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and time graphs.	Interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and time graphs.
	Solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs.	Solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs.	Solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs.
